Sales Manager / Data Entry / Translator / SMM

About me

I have independently managed several projects that enhanced my skills in digital marketing and e-commerce. I grew a TikTok account to over 60,000 followers, an Instagram account to 10,000 followers, and managed an eBay store with 30 successful sales and consistent 5-star reviews. I also launched a Shopify store, which, while not commercially successful, provided valuable experience in audience engagement and advertising.

My work in data entry and as a sales manager gave me hands-on experience with CRM systems, Excel, and other tools, while also strengthening my teamwork and client communication skills.
